**Mix and match.** Mix different materials like wood, cement, natural stone and perspex for a singular look.

**Double up.** Knock down the wall dividing your bathroom and bedroom and replace it with shelving, or cupboards if you desire more privacy.

**Final touches.** Ladders, baskets and hooks are inexpensive items that add character to your bathroom.

**Hot tips from Victorian Bathrooms on making storage work in compact spaces**

1. Corner shelves and baskets take up less space than cupboards.
2. A wall-mounted towel stacker saves space and helps to keep clutter off the floor.
3. Swivel-mirror cabinets provide a dual-purpose storage solution.
4. Choose freestanding décor, rather than items that are bolted to the wall, so you can easily rearrange your space.
